Solenoid valve thermal disinfection Monostable, 12 V

Solenoid valve can be retrofitted to the planned connection in a water path.
Function: Hot water is routed to bypass the thermostatic valve. Selection is made by using the on-site connection (central building control system, key switch, etc.).

Scope of delivery

- TD solenoid valve, 12 V monostable with connecting nipple and pre-filter
- Adapter cable

Delivery data

- Weight: 0,12 kg/Piece
- Packing unit: 1
